Erratum to: *Neurosci Bull* August 1, 2013, 29(4): 399–401

DOI: 10.1007/s12264-013-1366-3

The original version of this article unfortunately contained a few mistakes. The presentation of “local protein thesis” in the 3rd line from bottom in right column on page 399 is incorrect. The corrected should be “local protein synthesis”. The word “Chondrotinase” in the 13th line from top in right column on page 400 is mis-spelled. The corrected should be “Chondroitinase”. The expression “A more severe and rapidly growing condition, traumatic brain injury, poses ever-increasing challenges” in the 13th line of the last paragraph should be corrected to “A more severe and complex condition, traumatic brain injury, is being increasingly recognized”.
