

2025 CONFERENCE

The Changing Brain

August 18 – 20, 2025 | Irvine, California, USA

- The Evolving Brain
- The Learning Brain
- States of the Brain
- The Developing Brain
- The Dynamic Brain
- The Disordered Brain

Conference Organizers:

Paola Arlotta (Harvard University)

Liqun Luo (Stanford University)

Xiangmin Xu (University of California, Irvine)

Hongkui Zeng (Allen Institute for Brain Science)

Confirmed Speakers:

Ishmail Abdus-Saboor, Columbia University

Paola Arlotta, Harvard University

Carlos Brody, Princeton University

Beth Buffalo, University of Washington

Edward Chang, University of California San Francisco

Anne Churchland, University of California Los Angeles

Yang Dan, University of California, Berkeley

Catherine Dulac, Harvard University

Guoping Feng, Massachusetts Institute of Technology

Zhigang He, Harvard University

Hailan Hu, Zhejiang University, China

Josh Huang, Duke University

Sten Linnarsson, Karolinska Institutet, Sweden

Guillermina López-Bendito, UMH-CSIC, Spain

Liqun Luo, Stanford University

Michelle Monje, Stanford University

John Ngai, National Institutes of Health

Tom Nowakowski, University of California San Francisco

Vanessa Ruta, Rockefeller University

Bernardo Sabatini, Harvard University

Karel Svoboda, Allen Institute for Neural Dynamics

Li-Huei Tsai, Massachusetts Institute of Technology

Pierre Vanderhaeghen, Leuven Brain Institute, Belgium

Hongkui Zeng, Allen Institute for Brain Science

Larry Zipursky, University of California Los Angeles
