

2027 CONFERENCE

Genes to Systems: Understanding the Brain & Disease

August 16-18, 2027

Irvine Marriott, Irvine, California, USA

Register by May 1, 2027

Confirmed Speakers:

Will Allen (Stanford University)
Tallie Z. Baram (University of California, Irvine)
Ed Callaway (Salk Institute for Biological Studies)
Wendy Chung (Boston Children's Hospital)
Don Cleveland (University of California, San Diego)
Johann Danzl (Institute of Science & Technology Austria)
Catherine Dulac (HHMI/Harvard University)
Li Gan (Weill Cornell Medicine)
Daniel Geschwind (University of California, Los Angeles)
Christopher Harvey (Harvard University)
Jonathan Kipnis (Washington University in St. Louis)
Arnold Kriegstein (University of California, San Francisco)
Ed Lein (Allen Institute for Brain Science)
Jeff Lichtman (Harvard University)
David Liu (Harvard University)
Diane Mathis (Harvard University)
Ruslan Medzhitov (HHMI/Yale University)

Michelle Monje Deisseroth (HHMI/Stanford University)
John Ngai (National Institute of Health, BRAIN Initiative)
Bing Ren (New York Genome Center/Columbia University)
Nenad Sestan (Yale University)
Yin Shen (University of California, San Francisco)
Matthew State (University of California, San Francisco)
Beth Stevens (HHMI/Boston Children's Hospital)
Li-Huei Tsai (Massachusetts Institute of Technology)
Tony Wyss-Coray (Stanford University)
Xiangmin Xu (University of California, Irvine)
Xiaowei Zhuang (HHMI/Harvard University)
Charles S. Zuker (Columbia University)

Co-Organizers:

Xiaowei Zhuang (HHMI/Harvard University)
Bing Ren (New York Genome Center/Columbia University)
Xiangmin Xu (University of California, Irvine)
